Qualifications & Professional Affiliations

25 Years experience in the Survey Industry in all areas of surveying from field survey supervision to completion of plan preparation.

Outside of work Trevor has served on various local committees including

- The Mount Gambier and District Little Athletics Centre
- West Hockey Club
- The Blue Lake Golf Club

Current Position

Trevor is an experienced Field Surveyor with the firm based in our Mount Gambier Office and joined Sawley Lock O'Callaghan in 1985.

He has been involved with many aspects of the survey industry over the past 25 years, but has more recently been involved in supervising engineering surveys for Industrial, Construction and Infrastructure projects.

Trevor's role includes supervision of cadastral plan drafting for the Mount Gambier Office.

Major Project Experience

Kimberley Clark Australia Major Projects, KCA 'Millicent Mill'

Management of field survey party to establish position and level control of major plant machinery and structures. Undertaking surveys for major building set-out, industrial machinery setup, precision levelling and detail survey of all underground services to enable accurate positioning for asset management purposes. Surveys for volume calculations of wood chip stockpiles.
